Dear Ian

Ref: Recent 3000 Mixer Grinder Purchase.

Just a brief note to say how delighted we are with our recent purchase of a Thompson 3000. Your idea of linking our existing Thompson 900E directly into the body of the 3000 was an excellent suggestion and has dramatically improved efficiencies. We have calculated that the improvement in throughput now being achieved by removing double handling alone will actually pay for the Thompson 3000 in less than 2 years.

Kindest regards and thank you for your continued service,

Ieuan
