Dear Ian

Many thanks for all your help and advice. All the equipment you have sold us has been first rate, saving us both time and money.

The Thompson Mixer Grinder has been a god send as there is no way we could have kept up with demand for our sausages without it. Also with working so quickly it has helped to keep production time down so keeping our mixes cooler extends shelf life.

Always striving to improve our products it is wonderful to purchase a piece of kit that improves quality, freshness appearance, saves time and also money.

We hope to do business again soon.

Kindest Regards

Gordon Atkinson
National Supreme Sausage Champion 2003
International, Nation & Regional award Winning Butcher.
