What a pleasure!

Not very often nowadays you can make that statement in respect of a machinery supplier in these difficult times for all involved in independent retail and food.

Quality, Service, Reliability our motto since 1892.

Ian and his team leave no stone unturned in providing the solution to any problem and not resting until you are completely happy.

If Ian can't find it you can bet he knows someone who can.

I purchased an ABM F 2000 Burger Machine to ease the pressure on our other equipment and staff.

The machine came for trial, was demonstrated, my staff trained and told to what to look out for to speed production up.

The machine still receives daily use and has not missed a beat although a few staff have!!

If you need anything for Catering or Butchery etc don't bother going anywhere else.

Ring Ian

I have not been paid for this, indeed the last time we met the pub ran out of bitter as we arrived, had half a lager left and the potato for Bangers was SMASH!!!

It has now closed M62 east bound as you go over Saddleworth Moor!!

Regards

Andy Johnson
